Re: Select Specialty Hospital
Springfield, MO

Dear Rich:

I just wanted to take a minute express Brasfield & Gorrie's appreciation for the hard work that the Rich Kramer Construction team did on the Select Specialty Hospital project in Springfield, MO. Rich Kramer Construction was an excellent team player throughout the duration of the project from preconstruction through to the completion of the new hospital.

Your Project Manager Suzy Eberle, Structural Steel Erection Foreman Rocky Swisher and the door and hardware installer David Fyfe are a group of the finest professionals of whom we have had the pleasure of working with in a long time. Your team's dedication to schedule and quality of work is something your company can be truly proud of.

It is remarkable to think how fast the entire project team delivered the new facility for Select Medical. The overall schedule of the project was 9 months. The dedication to the schedule that Rich Kramer Construction exhibited played an integral role in the entire team's success in completing the project ahead of schedule.

Again, Brasfield & Gorrie would like to express its gratitude to Rich Kramer Construction for its role in delivering an attractive and functional facility that will serve Select Medical Corporation and the Springfield community for many years to come. We look forward to working with Rich Kramer Construction again in the near future.

Sincerely,
